700 Series – Special Plows and Implements:

Bedding plows and conditioners for less severe agricultural applications. 728 Bed Conditioner with two, three and four-disk stump-jump harrow gangs for second pass reforming of the bed and a weeding treatment. When used in conjunction with the 750 Bed Former, it provides an ideal surface on the bed, eliminating on e chemical treatment and leaving the surface of the bed with very fine tilth, ready for machine planting.
